World Conference Document No 3
Governance Review Report and Recommendations

Introduction

The World Conference in Edinburgh in 2011 recognized the need to modernize WAGGGS' governance and a Task Group was appointed to carry out this mandate. They identified the need for WAGGGS to offer better protection against personal liability to the trustees (World Board members) and to adopt a legal form and constitution to fit the organization's global status and to comply with the current legal requirements of the UK as the most urgent priority.

In September 2013 the World Board agreed to make a recommendation to the World Conference in 2014 that WAGGGS incorporates as a Charitable Incorporated Organization (CIO), a newly introduced legal form for charities in the UK, where WAGGGS is legally based. Incorporation will mean that WAGGGS has a new legal form which will enable it to continue to operate successfully in the modern environment.

Other changes recommended by the Governance Review task group included moving towards a strategic board with clearer delegation of authority and the creation of a Nominations Committee to assist the MOs in identifying potential candidates as well as enhance the recruitment process for World Board members and provide candidates with a high level of support to understand and prepare for their role.

The changes and improvements proposed by the Task Group were presented at each Regional Conference in 2013, providing Member Organizations with the opportunity to make suggestions and ask questions on the process and impact of the new proposals.

This document outlines the governance work led by the World Board in the past triennium, focusing on the rationale behind the recommendations regarding incorporation found last in the document. As appendices to this document, please refer to the final draft version of the constitution and the FAQ.

1. A Strategic Board

Over the course of the triennium the Task group, consulting with the Board and other stakeholders, has reviewed the roles and responsibilities of the Board to ensure that Members have the skill set and qualities necessary to take overall responsibility for the direction, governance and control of the global organization. The intention is to move away from an operational management style board to a board more focussed on high level governance and strategic oversight, able to develop vision, strategy and high-level policies for WAGGGS.

2. The appointment of a Nominations Committee

A Nominations Committee was set up to support this transformation. Working within the parameters of the existing Constitution, the Committee’s role is to support the identification of candidates whose skills and experience match the new role description and person specification for the strategic leadership of WAGGGS. A new nominations pack for candidates to the World Board was circulated in November including a detailed role description for prospective Board members, which reflects the new focus on strategic leadership.

The Nominations Committee has worked in consultation with the regions and Member Organizations and the results have been a 100% increase in the number of candidates from across the five regions being nominated by their MO for the forthcoming election.

3. Incorporation and new Constitution

In order to incorporate as a Charitable Incorporated Organization (CIO) it is necessary to adopt a new constitution which complies with the laws and regulations of the UK. This is a new legal form established in the United Kingdom and designed specifically for charitable organizations. The suggested organizational change has been recommended by WAGGGS’ legal advisors and auditors for a long time and when the new legal form came into being, a way of achieving incorporation and enhancing governance was within reach.

The purpose and day to day running of WAGGGS will be unchanged by incorporation and incorporation as a CIO will have no effect on the operations of our MOs, which are separate organizations with their own rules and regulations. Incorporation will simply substitute a CIO structure for the current unincorporated association structure. This will protect the organization as a whole.

It is important to keep in mind the purpose of incorporation and some key facts. When incorporated:

- The trustees will not be personally financially liable in situations where they have acted honestly and reasonably in managing the affairs of the organization.
- WAGGGS will have additional legal protection, and it must comply with the attendant regulations which will serve to ensure the on-going integrity and public accountability of the organization.
- WAGGGS will be able to own property, employ staff and enter into contracts in its own name rather than in the names of the individual trustees (World Board members)
- MOs, as members of WAGGGS, will not be liable for the debts of WAGGGS if it winds up.

As well as consultation at the Regional Conferences, the draft CIO constitution was made available to Member Organizations for consultation with supporting documentation and FAQ at the end of November 2013. A number of MOs contributed their ideas, queries, concerns and also their support for the new constitution and incorporation.

Simultaneously, the Task Group has taken specialist legal advice throughout the process. The layout and content of the Constitution follow the regulatory approved model constitution and include general law and good practice. Where WAGGGS has needed to make changes to the model, it has consulted directly with the regulator, the Charity Commission, to ensure that the changes have regulatory approval.
As a result of the consultation with Member Organizations, we have made changes to the draft CIO constitution, with the approval of the Regulator (as set out below). Where feedback varied, options have been prepared so that MOs have several choices to vote on at the World Conference. The new draft includes options to be voted upon at the World Conference.

A number of important issues were raised during the consultation process, and it is worth noting that certain issues, for example, relating to beneficiaries and the role of the World Board are not affected by the process of incorporation but are matters on which we will continue to communicate and engage as we enter this new chapter of WAGGGS’ development.

Through this process, we have learned that some aspects of the current constitution are unclear and/or outdated. If incorporation is not agreed, the constitution needs significant updating and a major revision will need to be brought forward to the next World Conference.

4. Key Revisions to first Draft CIO Constitution

Many Members felt that it would be more appropriate to retain the preamble to the Constitution which sets out the unique character of WAGGGS by referring to the Fundamental Principles. The preamble from the current constitution has been added before Article 1.

The Original Promise and Original law have been removed from the Bye-Laws to be included under Article 4 in the Constitution.

For clarity, the sections describing Regions, Regional Conferences, Regional Committees and Regional Terms of Reference have also been moved into the Constitution (Articles 19 to 22 of the CIO Constitution) and removed from the Bye-Laws.

5. Optional Clauses to be Voted on at the World Conference

Whether or not to include the following four provisions will be voted on as options for the new Constitution. Each option will be considered separately. Those options that are approved will be incorporated into the final motion for approval of the revised constitution.

Option 1: Objects

Having consulted with the Charity Commission, their strong recommendation is to modernise the objects, as follows: “The object of WAGGGS is to further the aims of the Girl Guide/Girl Scout Movement by providing girls and young women with opportunities for self-development through leadership, responsible citizenship and service in their own and world communities.” The updated wording captures the mission of WAGGGS as supported by the Fundamental Principles, which have now been inserted into the constitution at clause 4.

Option 2: Members’ power to create new categories of non-voting membership (Article 10.10.4 in the final draft)

This is an ‘enabling clause’ which means that it facilitates future considerations regarding ways to engage in the work of the World Association. The proposed clause does not provide for any new membership categories at this time. It acknowledges that it may be appropriate to offer new categories in the future, in line with our evolving membership. As such, this clause highlights the forward-looking strategic thinking of the Association as it seeks to
achieve its Vision of a world where all girls and young women are valued and take action to change the world.

Option 3: Providing for postal and email voting (Article 12.7)

This is also an ‘enabling clause’ which includes the possibility of voting on relevant matters by post or email. This would enhance the democratic basis of WAGGGS’ decision-making. For various reasons, a number of Member Organizations find they are not always able to attend the World Conference. As a result, because they are not represented in person at the Conference, they are unable to participate in the central decision-making of WAGGGS. This article recognizes the availability of appropriate technology and outlines procedures to safeguard the democratic principles of the Association.

Using available technology, and with appropriate procedures in place, this provision would also offer opportunities for more effective decision-making, i.e., more frequently than on a three year cycle.

Option 4: Providing for proxy voting (Article 12.9)

As outlined under option 3, this ‘enabling clause’ aims to provide additional ways for Member Organizations to participate in WAGGGS decision-making in the event they are unable to participate in person at the World Conference or other decision-making meetings. It reflects updated thinking about how WAGGGS can make effective decisions more efficiently while retaining its fundamental belief in democratic process.

6. Recommendations

APPROVAL OF DRAFT CHARITABLE INCORPORATED ORGANIZATION (CIO) CONSTITUTION

In these recommendations:

- the Unincorporated Association means the World Association of Girl Guides and Girl Scouts (WAGGGS), as governed by its existing Constitution and bye-laws formally adopted in 1936 (as amended) and registered with the Charity Commission for England and Wales with charity number 306125;

- the CIO means the World Association of Girl Guides and Girl Scouts Charitable Incorporated Organization, as governed by the (draft) “Association” model Constitution, as attached to the Agenda for the 2014 World Conference, and marked as such.

1. THAT the draft CIO Constitution, as attached to the Agenda for the World Conference, shall be adopted as the governing document of WAGGGS subject to registration with the Charity Commission for England and Wales and to the following options (as set out in full in the draft constitution) being approved or rejected:

1.1 Option 1: Clause 3 (Objects)
THAT the updated draft charitable objects of WAGGGS be adopted to the exclusion of the existing charitable objects so that the objects of WAGGGS shall be:

“The object of WAGGGS is to further the aims of the Girl Guide/Girl Scout Movement by providing girls and young women with opportunities for self-development through leadership, responsible citizenship and service in their own and world communities”

(If this motion is not carried, the existing objects of WAGGGS shall be adopted as indicated at option (1) in the draft CIO constitution.)

1.2 Option 2: Clause 10.10.4 (Members’ power to create categories of non-voting membership)

THAT the provisions of Clause 10.10.4 be approved and remain in the draft CIO constitution as follows:

“The Full Members in World Conference by a simple majority may create other categories of non-voting membership, and may determine the rights and obligations of any such members (including payment of membership fees), the conditions for admission to, and termination of membership of any such category of membership.”

1.3 Option 3: Clause 12.7 – (Power to permit postal and email voting)

THAT the provisions of Clause 12.7 – (comprising sub-clauses 12.7.1 to 12.7.13) be approved and remain in the draft CIO constitution.

1.4 Option 4: Clause 12.9 – Proxy voting

That Clause 12.9 – (sub-clause 12.9.1 to 12.9.8) be approved and remain in the draft CIO constitution.

2. THAT, the World Board shall be authorised to agree such minor and ancillary further changes to the draft CIO constitution as shall be necessary to implement the agreed options (as per Motion 1 above) and in order to achieve registration with the Charity Commission for England and Wales.

3. THAT, subject to the approval of the draft CIO constitution, WAGGGS shall be incorporated by the transfer of the assets and undertaking of WAGGGS from the existing Unincorporated Association to the CIO on such terms and in such manner as the World Board shall approve so that the CIO shall become the successor body to the Unincorporated Association.

Next steps

Once the draft CIO constitution has been approved, there are a number of administrative steps for WAGGGS to complete in order for the CIO to become the successor body to the current unincorporated association.
This incorporation process broadly comprises the following:

- Application to the Charity Commission for England and Wales formally to register WAGGGS as a CIO. The draft CIO constitution as approved by the Member Organizations at conference will be the constitution of WAGGGS;

- Identification of all the assets and undertaking of the existing unincorporated association to ensure that each item is correctly dealt with. For example, there are certain legal requirements and formalities to be observed in relation to transferring employees, land and buildings, and intellectual property, as well as any contracts currently in place;

- Completion of the legal and administrative formalities required to transfer the assets and undertaking of the current unincorporated association to the new CIO. This will take the form of a “transfer agreement” which is a legal document which will document the transfer.

The World Board, with specialist legal advice, will implement the steps above following the World Conference with the intention of formally dissolving the existing unincorporated association at the next World Conference, once the CIO is established and has taken over its activities.

Summary remarks

The start of our second hundred years has been a fitting time to review and renew the structures and processes that support us in our work. Through the activities of the Governance review, an important opportunity emerged to review our governing document, our Constitution. Simultaneously, the regulatory environment in which we work (regulated by the Charity Commission for England and Wales) developed the new CIO framework which was designed to meet many needs already identified by WAGGGS’ World Board and its advisors. The timing was very helpful as we sought to update and enhance our constitution. We have also been able to consult a range of outside experts, e.g., at the Charity Commission, to take a critical look at our governance and governing documents.

We hope you agree that we have been successful in honouring those things that have made us who we are in the world as well as supporting our efforts to be whom we want, and need to be in the world of today and tomorrow.

5.8 deposit or invest funds, employ a professional fund-manager, and arrange for the investments or other property of WAGGGS to be held in the name of a nominee, in the same manner and subject to the same conditions as the trustees of a trust are permitted to do by the Trustee Act 2000.

6 Application of income and property

6.1 The income and property of WAGGGS must be applied solely towards the promotion of the objects.

6.1.1 A member of the World Board is entitled to be reimbursed from the property of WAGGGS or may pay out of such property reasonable expenses properly incurred by her when acting on behalf of WAGGGS.
6.1.2 A member of the World Board may benefit from trustee indemnity insurance cover purchased at WAGGGS’ expense in accordance with, and subject to the conditions in, section 189 of the Charities Act 2011.

6.2 None of the income or property of WAGGGS may be paid or transferred directly or indirectly by way of dividend, bonus or otherwise by way of profit to any Member Organization of WAGGGS. This does not prevent a Member Organization receiving:

6.2.1 a benefit from WAGGGS as a beneficiary of WAGGGS;
6.2.2 reasonable and proper remuneration for any goods or services supplied to WAGGGS.

6.3 Nothing in this clause shall prevent a member of the World Board or connected person receiving any benefit or payment which is authorised by clause 7.

7 Benefits and payments to members of the World Board and connected persons

7.1 General provisions

No member of the World Board or connected person may:

7.1.1 buy or receive any goods or services from WAGGGS on terms preferential to those applicable to members of the public;
7.1.2 sell goods, services, or any interest in land to WAGGGS;
7.1.3 be employed by, or receive any remuneration from, WAGGGS;
7.1.4 receive any other financial benefit from WAGGGS;

unless the payment or benefit is permitted by sub-clause 7.2 of this clause, or authorised by the court or the Charity Commission (the Commission). In this clause, a financial benefit means a benefit, direct or indirect, which is either money or has a monetary value.

7.2 Scope and powers permitting trustees’ or connected persons’ benefits

7.2.1 A member of the World Board or connected person may receive a benefit from WAGGGS as a beneficiary of WAGGGS provided that a majority of the trustees do not benefit in this way.
7.2.2 A member of the World Board or connected person may enter into a contract for the supply of services, or of goods that are supplied in connection with the provision of services, to WAGGGS where that is permitted in accordance with, and subject to the conditions in section 185 to 188 of the Charities Act 2011.
7.2.3 Subject to sub-clause 7.3 of this clause a member of the World Board or connected person may provide WAGGGS with goods that are not supplied in connection with services provided to WAGGGS by the member of the World Board or connected person.
7.2.4 A member of the World Board or connected person may receive interest on money lent to WAGGGS at a reasonable and proper rate which must be not more than the Bank of England bank rate (also known as the base rate).

7.2.5 A member of the World Board or connected person may receive rent for premises let by the trustee or connected person to WAGGGS. The amount of the rent and the other terms of the lease must be reasonable and proper. The member of the World Board concerned must withdraw from any meeting at which such a proposal or the rent or other terms of the lease are under discussion.

7.2.6 A member of the World Board or connected person may take part in the normal trading and fundraising activities of WAGGGS on the same terms as members of the public.

7.3 Payment for supply of goods only - controls

WAGGGS and the World Board may only rely upon the authority provided by sub-clause 7.2.3 of this clause if each of the following conditions is satisfied:

7.3.1 The amount or maximum amount of the payment for the goods is set out in a written agreement between WAGGGS and the member of the World Board or connected person supplying the goods (the supplier).

7.3.2 The amount or maximum amount of the payment for the goods does not exceed what is reasonable in the circumstances for the supply of the goods in question.

7.3.3 The other members of the World Board are satisfied that it is in the best interests of WAGGGS to contract with the supplier rather than with someone who is not a member of the World Board or connected person. In reaching that decision the World Board must balance the advantage of contracting with a member of the World Board or connected person against the disadvantages of doing so.

7.3.4 The supplier is absent from the part of any meeting at which there is discussion of the proposal to enter into a contract or arrangement with her or it with regard to the supply of goods to WAGGGS.

7.3.5 The supplier does not vote on any such matter and is not to be counted when calculating whether a quorum of the World Board is present at the meeting.

7.3.6 The reason for their decision is recorded by the World Board in the minute book.

7.3.7 A majority of the World Board then in office are not in receipt of remuneration or payments authorised by clause 7.

7.4 In sub-clauses 7.2 and 7.3 of this clause:

7.4.1 WAGGGS includes any company in which WAGGGS:

7.4.1.1 holds more than 50% of the shares; or
7.4.1.2 controls more than 50% of the voting rights attached to the shares; or

7.4.1.3 has the right to appoint one or more of the members of the World Board to the board of the company;

7.4.2 ‘connected person’ includes any person within the definition set out in clause 34 (Interpretation).

8 Conflicts of interest and conflicts of loyalty

A member of the World Board must:

8.1 declare the nature and extent of any interest, direct or indirect, which she has in a proposed transaction or arrangement with WAGGGS or in any transaction or arrangement entered into by WAGGGS which has not previously been declared; and

8.2 absent herself from any discussions of the World Board in which it is possible that a conflict of interest will arise between her duty to act solely in the interests of WAGGGS and any personal interest (including but not limited to any financial interest).

Any member of the World Board absenting herself from any discussions in accordance with this clause must not vote or be counted as part of the quorum in any decision of the World Board on the matter.

9 Liability of members to contribute to the assets of WAGGGS if it is wound up

If WAGGGS is wound up, the Member Organizations of WAGGGS have no liability to contribute to its assets and no personal responsibility for settling its debts and liabilities.

10 Membership of WAGGGS

10.1 Admission of new members

10.1.1 Eligibility

conditions of membership specific to the different categories of Member Organization are set out at sub-clause 10.9 below.

10.1.3 Further conditions of membership

10.1.3.1 Only National Organizations as a whole can become Member Organizations. Therefore one Member Organization only can be recognized in any one country.

10.1.3.2 Only National Organizations of Girl Guides/Girl Scouts and National Organizations comprising both Girl Guides/Girl Scouts and Scouts can become Member Organizations.

10.1.3.3 A Member Organization may comprise different Associations or groups, provided that the Member Organization ensures that each Association or group:

10.1.4 Two-stage admission procedure

10.1.4.1 The World Board shall consider applications for membership in the first instance. The World Board:

(a) may require applications for membership to be made in any reasonable way that they decide;

(b) may refuse an application for membership if they believe that it is in the best interests of WAGGGS for them to do so;

(c) shall, if they decide to refuse an application for membership, give the applicant their reasons for doing so, as soon as possible and no later than 90 days of the decision being taken, and give the applicant the opportunity to appeal against the refusal in accordance with such policies and procedures created pursuant to the Bye-Laws as shall be in force from time to time; and

(d) shall give fair consideration to any such appeal, and shall inform the applicant of their decision, but any decision to confirm refusal of that application for membership shall be final.

10.1.4.2 If applications for admission to membership are approved by the World Board, the applications shall be considered for admission to membership by the World Conference. Membership shall only be effective on ratification of admission by the Full Members meeting at the next World Conference decided on a 75% majority of votes cast by Full Members at a World Conference.

10.1.4.3 The two-stage admission procedure set out in sub-clauses 10.1.4.1 and 10.1.4.2 shall also apply to Associate Members wishing to become Full Members and changes affecting the entity of Member Organizations as regulated by the Bye-Laws.

10.2 Transfer of membership

Membership of WAGGGS cannot be transferred to anyone else.

10.4 Termination of membership

10.4.1 Membership of WAGGGS comes to an end if the Member Organization resigns by written notice to WAGGGS provided that after such resignation the number of Full Members is not less than three. The resignation shall become effective from the day on which the written notice submitted by the proper authority on behalf of the Member Organization is received by the World Bureau. The resignation shall be reported to the next meeting of the World Board and at the next World Conference.

10.4.2 Removal from membership of WAGGGS shall be considered by the World Board if:

10.4.2.2 the Member Organization ceases to comply with any of the conditions of membership set out in sub-clauses 10.1.2 and 10.9 below;

10.4.2.3 any sum due from the Member Organization has been wholly or partly outstanding for at least two years in succession,

following consideration by the World Board, the World Board shall inform the Member Organization as to the reasons why it is proposed to remove the Member Organization from membership. In the case of failure to pay its membership fee the World Board may grant remission or postponement of the membership fee.

10.4.3 Should the Member Organization fail to comply with advice given to it by the World Board or should the Member Organization for any reason not be able to fulfil the conditions of membership as set out in sub-clauses 10.1.2 and 10.9 below within the time-frame determined by the World Board, having been duly reported to the Member Organization, the World Board shall consider whether its membership should be terminated. The matter shall be referred to the Full Members at the next World Conference who may then terminate the membership of the Member Organization by a resolution passed by a 75% majority of votes of Full Members.

10.4.4 If the Member Organization concerned wishes to ask for re-consideration of the decision to terminate its membership it shall have the right to appeal, through the World Board, to the Full Members at the next meeting of the World Conference. There can be no further appeal.

10.6.1 When:

10.6.1.1 an application for membership is approved,

10.6.1.2 any membership is terminated, or

10.6.1.3 any other details entered in the register of members of WAGGGS changes,

the World Board shall cause the register of members of WAGGGS to be updated within 28 days.

10.7 Membership fees

WAGGGS may require Member Organizations to pay reasonable membership fees to WAGGGS.

10.8 Categories of membership

10.8.1 There shall be the following two categories of membership:

12.6.2 A resolution put to the vote of a meeting shall be decided on a show of hands or by a counted vote (which may be conducted by using an electronic voting system).

OPTION (3): POWER TO PERMIT POSTAL AND EMAIL VOTING (FOR FLEXIBILITY IN FUTURE)

12.7 Postal and email Voting
12.7.1 WAGGGS may, if the World Board so decides, allow the Member Organizations to vote by post or electronic mail (email) to elect members of the World Board or to make a decision on any matter that is being decided at a general meeting of the Member Organizations.

12.7.2 The World Board must appoint at least two persons independent of WAGGGS to serve as scrutineers to supervise the conduct of the postal/email ballot and the counting of votes.

12.7.8 The scrutineers must make a list of names of Member Organizations casting valid votes, and a separate list of Member Organizations casting votes which were invalid. These lists must be provided to a member of the World Board or other person overseeing admission to, and voting at, the general meeting. A Member Organization who has cast a valid postal or email vote must not vote at the meeting, and must not be counted in the quorum for any part of the meeting on which she or it has already cast a valid vote. 12.7.9 For postal votes, the scrutineers must retain the internal envelopes (with the Member Organization’s name and signature. For email votes, the scrutineers must cut off and retain any part of the email that includes the Member Organization’s name. In each case, a scrutineer must record on this evidence of the Member Organization’s name that the vote has been counted, or if the vote has been declared invalid, the reason for such declaration.

12.7.10 Votes cast by post or email must be counted by all the scrutineers before the meeting at which the vote is to be taken. The scrutineers must provide to the person chairing the meeting written confirmation of the number of valid votes received by post and email and the number of votes received which were invalid.

12.7.11 The scrutineers must not disclose the result of the postal/email ballot until after votes taken by hand or by a counted vote or ballot (which may be conducted by using an electronic voting system) at the meeting, or by a counted vote or ballot (which may be conducted by using an electronic voting system) after the meeting, have been counted. Only at this point shall the scrutineers declare the result of the valid votes received, and these votes shall be included in the declaration of the result of the vote.

12.7.12 Following the final declaration of the result of the vote, the scrutineers must provide to a member of the World Board or other authorised person bundles containing the evidence of Member Organizations submitting valid postal votes; evidence of Member Organizations submitting valid email votes; evidence of invalid votes; the valid votes; and the invalid votes.

12.7.13 Any dispute about the conduct of a postal or email ballot must be referred initially to a panel set up by the World Board, to consist of two trustees and two persons independent of WAGGGS. 12.8.2 The representative authorised to act in accordance with sub-clause 12.8.1 above is entitled to exercise the same powers on behalf of the Member Organization as the Member Organization could exercise as an individual member of WAGGGS.

12.8.3 [In the event that the Head Delegate is unable to attend a general meeting or perform any other functions required of the Head Delegate in representing the Member Organization, the Member Organization concerned shall, in accordance with its usual decision making process, authorise another person to act as its representative, and shall give notice of that appointment to WAGGGS in such form as WAGGGS shall, from time to time, specify. For the avoidance of doubt, in the event that the Head Delegate is subsequently able to attend the general meeting in question, the vote of the Head Delegate shall have priority over any other representative appointed to attend in her place.] [Text to be adopted if Proxy Voting provisions are rejected]

Proxies must be appointed by a notice in writing (a proxy notice) which:

12.9.1.1 states the name and address of the Member Organization appointing the proxy;

12.9.1.2 identifies the person appointed to be that Member Organization's proxy and the general meeting in relation to which that person is appointed;

12.9.3 Proxy notices may (but do not have to) specify how the proxy appointed under them is to vote (or that the proxy is to abstain from voting) on one or more resolutions.

12.9.4 Unless a proxy notice indicates otherwise, it must be treated as:
12.9.4.1 allowing the person appointed under it as a proxy discretion as to how to vote on any ancillary or procedural resolutions put to the meeting; and

12.9.4.2 appointing that person as a proxy in relation to any adjournment of the general meeting to which it relates as well as the meeting itself.

12.9.5 A Member Organization and its Head Delegate who is entitled to attend, speak or vote (either on a show of hands or counted vote) at a general meeting remains so entitled in respect of that meeting or any adjournment of it, even though a valid proxy notice has been delivered to WAGGGS by or on behalf of that Member Organization. For the avoidance of doubt, in the event that the Head Delegate is subsequently able to attend the general meeting in question, the vote of the Head Delegate shall have priority over any other representative appointed to attend in her place.

12.9.6 An appointment under a proxy notice may be revoked by delivering to WAGGGS a notice in writing given by or on behalf of the Member Organization by whom or on whose behalf the proxy notice was given.

12.9.7 A notice revoking a proxy appointment only takes effect if it is delivered before the start of the meeting or adjourned meeting to which it relates.

12.9.8 If a proxy notice is not signed or authenticated by the Member Organization appointing the proxy, it must be accompanied by written evidence that the person who signed or authenticated it on that Member Organization's behalf had authority to do so.

12.10 Adjournment of meetings

The chair may with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting) adjourn the meeting to another time and/or place. Frequently Asked Questions on WAGGGS proposed incorporation and CIO Constitution

Why should WAGGGS incorporate?

Q. Why do we need to change WAGGGS’ constitution now?
A. Parts of our current constitution no longer reflect how we work or are no longer compliant with UK regulations. We need to correct inconsistencies as well as provide for our evolving organisation. The possibility to incorporate offers a framework to update and modernise our constitution. At the same time it provides WAGGGS with more security in times of increased tendency for litigation in society, generally.

Q. Why should we incorporate?
A. Our current status of being “unincorporated” means that our trustees, the World Board members, are personally financially liable for the actions of WAGGGS because there is no separation between them and WAGGGS. Our lawyers and auditors have for over a decade strongly advised us to incorporate. It is not considered to be good practice any more to expose our volunteer leaders to this risk. Until recently, the only option was to become “a company with limited guarantee”. This would have meant fundamental changes for our Members which would have been difficult for WAGGGS and its Members to implement. The new Charitable Incorporated Organization (CIO), available since January 2013, allows WAGGGS to have a separate legal personality, while remaining a volunteer-led organisation. The changed legal structure will offer protection which is not possible to achieve by buying insurance. It is not possible to cover the whole risk for the Trustees through buying insurance.

Q. Why is there such a rush with this change? Why can’t we talk more and wait until the next World Conference?
A. The potential to incorporate the World Association has been under investigation by the World Board for the past three triennia. Our legal advisers and auditors have been strongly recommending that we make this change to properly support our Trustees and the work of WAGGGS. Incorporation has not been brought forward before now due to the absence of a framework that would provide the benefits of being incorporated without adding a burden to our Member Organisations. Following the 34th World Conference, based on a motion agreed by the Conference, the World Board embarked on a project to improve governance and management of the organisation. When the opportunity to move to the new legal form of Charitable Incorporated Organisation came in January 2013, the World Board decided to recommend moving in this direction. Based on assessing the work involved to implement the CIO structure, it was agreed that the new framework should be brought to the 2014 Conference. There are risks involved in delaying: particularly the reduced ability to attract new candidates to the World Board once the financial risk of being a Trustee of WAGGGS is clearly communicated. The activities and day to day work of WAGGGS and its Member Organisations will not change as a result of incorporation, which is another reason why the change was considered to be realistic in 2014.

Q. How was the structure of the Constitution decided and the document drafted?
A. In drafting the constitution we have followed the requirements set out by the Charity Commission. As we are operating under their jurisdiction, we have had to follow their view of “logical order normally followed in
constitutions”. We recognize that the "logical order" may be thought of differently in different countries. Careful attention has been given to ensure compliance with requirements and a balance between the clauses in the constitution and the bye-laws. In general, the bye-laws are the operational complement to the constitution and should contain all operational and implementation details, where applicable. It must be noted that the bye-laws have the same legal force as the constitution.

We have followed the advice of the regulator as much as possible although we have retained some operational details in the Constitution for ease of understanding by our Members. Our approach has been to make minimal changes both to ensure that the document still has some familiarity for our Members (for those provisions which are transported from the existing constitution) and also to try to keep to the Commission's model where possible (in relation to standard provisions relating to CIOs).

Q. Who is responsible for the Governance Handbook and the Regional Guidelines?

A. The World Board develops and regularly reviews the Governance Handbook and Regional Guidelines in consultation with relevant committees and experts. They are available to Member Organisations on request.

What will change?

Q. With so many clauses and details, it is hard to tell what is actually changing. What is new in the proposal and what is not changing?

A. There are very few new things in the proposed CIO Constitution relative to our current constitution. The day to day running of WAGGGS will be unchanged by the act of incorporation, including financial controls and management already in place. The main changes are:

- WAGGGS will be able to own property, employ staff and enter into contracts in its own name rather than in the names of the individual Trustees which is the case today.
- The Trustees will not be personally financially liable for the activities and assets of WAGGGS in situations where they have acted honestly and reasonably in managing the affairs of the organization.
- MOs, as members of WAGGGS, will not be liable for the debts of WAGGGS if it winds up.
- The proposed CIO constitution incorporates the provisions of the current constitution plus any items required by the CIO regulations. As well, some requirements for approval of motions and meeting notice periods have been adjusted in accordance with the regulations of the Charity Commission.
- Four new provisions are being presented as options to be voted on: the statement of WAGGGS’ Objects; postal and email voting; proxy voting and creating of additional membership categories. The World Conference can choose to approve the constitution regardless of which options are chosen.
- The World Board will keep the same structure as currently. The new provision regarding the World Board is that it has a maximum of 17 elected members, allowing the organization to consider reducing its size in the future. Changing the size of the World Board would be a World Conference decision.
- The Charity Commission has recommended making all terms of service of volunteer members of the World Board consistent at a maximum of six years. This means it will no longer be possible for someone to stand for election to the Board if they have already served on the World Board as the Chair of a Regional Committee or in an ex officio role.

Q. Why is it proposed that the Object be changed?

A. The UK regulator strongly recommended at the outset of the discussions on the constitution that the objects should be revised as they do not clearly express and define the purpose of the organization. This is a key issue relating to defining charitable activity and organisations in the UK. Further, the regulator has stated that some of the current objects, e.g., encouraging friendship, do not qualify as charitable objects. They have strongly recommended that we adopt more modern and relevant objects and that this is necessary to comply with UK Charity Act requirements.
Q. In the first draft of the CIO Constitution, the fundamental principles were moved to the Bye-Laws. Why have they been moved back to the Constitution?

A. When preparing the draft we strove to compile a document that would be as lean as possible while still fulfilling all legal requirements. We also wanted to explore contemporary ways of expressing the objects of the organization and modernizing our constitution while referencing our historical base appropriately. Through our consultation with Member Organisations, there was a preference to retain the more traditional format of the current constitution to express our fundamental principles. In the final draft, the preamble, Original Promise and Original Law (Guide Law) have been reinstated at the beginning of the Constitution, as a result of the consultation.

Q. Will WAGGGS remain a charitable organization?

A. Yes, WAGGGS becomes a Charitable Incorporated Organization and will remain a charity in the United Kingdom. We do not become a “company” and we do not need to change our name.

Q. Will WAGGGS be incorporated by Act of Parliament?

A. No. This structure does not mean incorporation by Act of Parliament.

Q. In the first draft of the CIO Constitution, the Regions were referred to only in the Bye-Laws. Why is information about Regions now included in the Constitution?

A. When preparing the draft we strove to compile a document that would be as lean as possible while still fulfilling all legal requirements and keeping to good practice as advised in the UK. We also wanted to reflect the operational focus of the Regions by including them in the Bye-Laws and supporting policies, recognizing our regional structure is a major part of the ways of work and allocation of resources of WAGGGS. Through our consultation with Member Organisations, concerns were raised about potentially missing important information about the Regions and their work and not reflecting their key structural role. In the final draft, clauses about the Regions, Regional Conferences, Regional Committees and Regional Terms of Reference have been reinstated (Articles 20 – 22 in the CIO Constitution).

WAGGGS and its Member Organizations

Q. Do Associate and Full Members keep the same rights and responsibilities?

A. Yes, Associate and Full Membership criteria and conditions have not changed.

Q. What impact will WAGGGS' new incorporated status have on Member Organizations and in particular on their ability to make decisions?

A. There will not be any impact on the finances, legal status or membership status of any of our Member Organizations. Member Organizations will not need to be incorporated themselves to become members of the CIO and their decision making rights will not be affected.

Q. Will WAGGGS' new incorporated status affect Member Organizations which are operating in different kinds of legal/government systems, including being established by an Act of Parliament or Royal Charter?

A. No

Q. Will WAGGGS' new incorporated status mean that Member Organizations will be subsidiaries?
A. No, Member Organizations will remain Members of WAGGGS under the same conditions as they are now.

Q. Will WAGGGS’ new incorporated status have any implication on Member Organizations in terms of any disclosure or will it restrict admission of Members on political or any other grounds?

A. No. There are no changes in the above requirements of Membership. They remain the same as in WAGGGS’ current constitution.

Q. What happens with the MOs that have boys as members as a result of the experiment?

A. All MOs transfer to the new structure without any change in their own structure or membership.

Q. Will the change imply any differences in the relationship to WOSM?

A. As the changes in the constitution will not affect the MOs there will be no change in the relationship to WOSM either for WAGGGS or for the MOs

Q. Will the change imply any differences in the relationship to other partners?

A. The changed constitution will not affect the relationship to other partners. One of the advantages of incorporating is that the constitution will be updated and legally compliant which is an advantage when we need to describe WAGGGS’ governance structure externally to potential partners and donors.

The role of World Board members /Trustees

Q. There seems to be a lot of focus on the World Board members as Trustees. What about other committees such as the regional committees?

A. The constitution lays out the responsibilities of the Trustees of the organisation who carry the ultimate responsibility on behalf of the Member Organisations. The law requires the Charitable Organisation to ensure that Trustees do not abuse their position. This is the reason there is so much detail about the Trustees and their duties. The scope of Trustees’ responsibilities and the boundaries they are operating within has not changed; they are expressed in a more systematic and transparent way in the new document. The roles, rights and responsibilities of other volunteers and staff are outlined in relevant policies and procedures.

Q. Why does the constitution mention insurance when the intention is to safeguard the World Board members (Trustees) through being incorporated? Why can’t WAGGGS just buy insurance?

A. The constitution provides for the possibility to take out liability insurance for Trustees. This means insurance for costs if a Trustee is sued although she has acted in good faith. However, such insurance does not provide for all the possible liabilities that could be assigned to Trustees. Our research determined there is no insurance that can provide complete protection for our Trustees. Best practice in the UK where WAGGGS is based is to have an incorporated legal structure.

Q. Will the role of the World Conference change?

A. The World Conference will continue to be the highest governing body of the organisation with the World Board responsible for the implementation of the decisions of the World Conference.

Q. The current Board members are listed in the draft Constitution. Will we have to amend the Constitution at every World Conference to update this list?
A. No. Once the CIO is registered, WAGGGS will submit an updated list to the Charity Commission following each round of Regional Conferences or World Conference. There is a requirement to include the first members of the Board of the CIO. This list will reflect the members elected at the 35th World Conference.

Making Decisions and Voting at the World Conference

Q. Why do we need one Head of Delegation instead of two Delegates to the World Conference? Does this change the methods of voting or the number of votes per voting Member?

A. It is required by UK legislation that there is one individual who is designated to represent the Member Organisation for voting purposes. There will still be two delegates and the allowed number of observers in each delegation. One of the delegates will be named as the Head of Delegation for the sake of the list to be registered with the Charity Commission. Nothing else concerned with the delegations at the World Conferences will change. There remains one vote per Member Organization. The eligibility of Associate and Full Member votes has not changed.

Q. Why is it proposed to increase the required majority to 75% for some decisions?

A. This is required by the CIO legislation. On reviewing decisions made in the past several World Conferences, we found that virtually all motions accepted would have passed if this requirement had been in place—for example at the 34th World Conference of the 20 motions approved, only one would not have passed had the 75% rule been in place.

Q. Will it be possible to propose amendments to the constitution and the motions for incorporation?

A. When the proposed motions have been circulated, any Member Organization may submit a proposed amendment to the proposed motions, in writing, provided the proposed amendment is relevant to the motion, and is submitted within the time limit specified in the conference handbook.

It is not possible to submit proposed amendments to the draft CIO Constitution itself due to the legal requirement that the initial CIO Constitution, apart from any technical or editorial clarifications, must be pre-approved by the regulator (the Charity Commission). The only changes that can be considered are those arising from the four options that will be voted on at the Conference.

What happens next?

Q. What happens next if we vote for incorporation at the World Conference?

A. The agreed constitution will be submitted to the Charity Commission as part of the registration of WAGGGS as a CIO. The registration process will not be immediate and the existing organisation will continue to function as it is until the transfer to the CIO is completed.

Q. What happens next if the World Conference turns down incorporation and the revised Constitution?

A. If a new constitution is not agreed, we would remain subject to our current constitution in the short term and our trustees would still be exposed without limited liability. As the current document is not in line with legislation, and the UK regulator is now alerted to this and monitoring more closely, there is no question that they would require us to bring changes in the next triennia.
