

EUROPEAN VOLUNTARY CONTRIBUTION 2021

EUROPE REGION EGM DOCUMENT # 6

November 2020

INSPIRING GIRL SCOUTS AND GUIDES ACROSS EUROPE

European Voluntary Contribution 2021

Introduction

This document proposes the European Voluntary Contribution for each Member Organisation for 2021. The proposed amounts are based on the following assumptions:

- a) That the membership fee for 2020 remains in place for 2021
- b) That the membership figures used for 2020 fee continue to be used in 2021

Background

2020 has seen the world of Guiding and Scouting change as a result of the COVID-19 pandemic. The Regional Committee are aware of the challenges that this has brought to our Member Organisations across Europe and as a result we are not only looking at where we can reduce costs as per our budget paper, but also what needs to happen as far as income is concerned to support our diverse and vibrant region.

The European Voluntary Contribution currently makes up over 50% of our overall income, however we recognise that next year's payment could be challenging for MOs, so we are proposing that :

- the European Voluntary Contribution remains at the 2020 amount rather than increasing it by 2% annual inflationary uplift as previously agreed.
- that we offer support to all Member Organisations by giving them the opportunity take up the option of a 25% reduction in their EVC for 2021.

The Regional Committee will continue to focus on improving the processes for financial transparency and accountability and part of this is recognising the challenges of our members.

We will continue to review the overall situation throughout the coming months and will provide further financial updates to you to support this process.

The table below shows the planned European Voluntary Contribution for 2021, alongside the 25% discount that can be applied for.

MEMBER ORGANISATION	STATUS	2020 FEE (IN EUROS)	2021 FEE (IN EUROS)	2021 FEE LESS (IN EUROS) OPTIONAL -25% DISCOUNT
Albania	ASSOCIATE	50.00	50.00	37.50
