Children at New Year’s Break

The activities included in the age 10+ version of the New Year’s Break event are most suitable for children aged 10 years and up. If you would like to visit with younger children please contact us to discuss options.

The age 10+ event is suitable for families and Guide/Scout groups. At least one parent/guardian or leader must participate in the age 10+ event. Additional adults may choose to participate in the adult version of the event. **Note:** The kayaking has a minimum height requirement of 150cm. If your group has participants under this height an alternative activity can be offered and at least one leader will need to join the alternative activity.

If you are bringing a Guide/Scout group you are responsible for ensuring you meet your Member Organisation’s rules regarding supervision of your group. Our Chalet staff cannot be counted as leaders for this purpose. Leaders are responsible for all children/young people in their group at all times, including any first aid needs. Guides/Scouts aged 16-17 may participate in either package but must be accompanied by at least one leader on the same package. If your group books across both packages you must have leaders booked on both.

Guests with disabilities

Most of our activities can be adapted to be suitable for guests with disabilities. Transport, including wheelchair accessible taxis, can be arranged where necessary. Our accommodation is partially accessible for wheelchair users and those with limited mobility. Please be aware that our activities go ahead in all weather conditions. **Please contact us prior to booking to discuss your needs.**

Please note transport in lieu of walking included in programme activities can only be provided for guests with permanent disabilities to help us make our programming inclusive. For those with temporary injuries, those with lower fitness, or those who simply prefer not to walk, transport can be arranged only at extra cost.
The table below gives an example itinerary for the four New Year’s Break package options. Note that activities will not necessarily take place in this order. While we do our best to provide the activities advertised here it is occasionally necessary to make changes based on weather conditions and supplier availability.
