

## When We Shine

Sangam #Arts4Change2016 Song

Rosie Donnelly-Grubb, Swarti Dev, Amberlee Darlington, Melinda Carol

La la la la la la, la la la la la la, la la la la la la

### Verse 1

I used to live like I was guarded, I felt discarded, and so half-hearted.

Let go of every dream I started, I was afraid to be brave.

And then one day I broke the ceiling, the sky revealing, this love I'm feeling,

Now my whole world is reeling with all this joy I can't contain.

La la la la la la, la la la la la la, la la la la la la

### Pre-Chorus

When you see me dancing, when you hear me sing

There's a voice inside me, I will let it ring

When the world sings along, we belong,

We are strong, we are free.

When the whole world sings along, we belong,

We are strong, We are free.

### Chorus 2X

When We Shine, When We Shine,

When We Shine, When We Shine,

When We Shine, When We Shine,

When We Shine, When We Shine, When We Shine, When We Shine,

When We Shine

### Verse 2

Birds of a feather flock together, despite the weather, friends forever,

I'll be here for you whenever you need a rainbow in your cloud.

La la la la, la la la la, la la la la, la

### Pre Chorus

And when I see you dancing, when I hear you sing

There's a voice inside you, let it ring

When the world sings along, we belong,

We are strong, we are free.

When the world sings along, we belong,

We are strong, we are free.

### Chorus

When We Shine, When We Shine,  
When We Shine, When We Shine,  
When We Shine, When We Shine,  
When We Shine, When We Shine, When We Shine, When We Shine,  
When We Shine

The world needs love and care and joy  
For every girl and for every boy

Every little light, that's yours and mine,  
Gonna let it shine, gonna let it shine, gonna let it shine!
